Impact Copolymer

Description:

DC707.01 Developmental Polypropylene Resin is a high performance impact copolymer for thin wall packaging containers requiring excellent taste and odor performance. The grade is a nucleated impact copolymer combining high flow with an excellent balance of mechanical properties even at low temperatures. DC707.01 Developmental Polypropylene Resin has been designed for short cycle times and good antistatic performance.

Applications:

- Thin wall packaging e.g. margarine tubs, dairy product pots, ice cream containers
- Thin wall consumer goods e.g. container, cool boxes, lids, housewares, flower pots

Process:

- High speed thin wall injection moulding

Physical	Nominal Value (English)	Nominal Value (SI)	Test Method
Density	0.900 g/cm ³	0.900 g/cm ³	ASTM D792
Melt Mass-Flow Rate (230°C/2.16 kg)	70 g/10 min	70 g/10 min	ASTM D1238

Mechanical*	Nominal Value (English)	Nominal Value (SI)	Test Method
Flexural Modulus	188500 psi	1300 MPa	ISO 178
Charpy Notched Impact Strength, 23°C	1.7 ft·lb/in ²	6 kJ/m ²	ISO 179/1eA
Charpy Notched Impact Strength, 0°C	2.1 ft·lb/in ²	4 kJ/m ²	ISO 179/1eA
Charpy Notched Impact Strength, -20°C	2.9 ft·lb/in ²	3 kJ/m ²	ISO 179/1eA

* Injection molded specimen

Notes
These are typical properties only and are not to be construed as specifications. Users should confirm results by their own tests.

Data Sheet Developmental DC707.01

Regulatory Information:

DC707.01 Developmental Polypropylene Resin complies with:

- European Commission Regulation (EU) No 10/2011
- U.S. FDA FCN 843

The appropriate regulations should be consulted for more detailed information.

Product Stewardship:

Braskem has a fundamental concern for all who make, distribute, and use its products, and for the environment in which we live. This concern is the basis for our Product Stewardship philosophy by which we assess the safety, health, and environmental information on our products and then take appropriate steps to protect employee and public health and our environment. The success of our Product Stewardship program rests with each and every individual involved with Braskem products from the initial concept and research, to manufacture, use, sale, disposal, and recycle of each product.

Customer Notice:

Braskem strongly encourages its customers to review both their manufacturing processes and their applications of Braskem products from the standpoint of human health and environmental quality to ensure that Braskem products are not used in ways for which they are not intended or tested. Braskem personnel are available to answer your questions and to provide reasonable technical support. Braskem product literature, including safety data sheets, should be consulted prior to use of Braskem products. Current safety data sheets are available from Braskem.

Medical Applications Policy:

NOTICE REGARDING MEDICAL APPLICATION RESTRICTIONS: Braskem will not knowingly sell or sample any product or service ("Product") into any commercial or developmental application that is intended for:

- a. long-term or permanent contact with internal bodily fluids or tissues. "Long-term" is contact which exceeds 72 continuous hours;
- b. use in cardiac prosthetic devices regardless of the length of time involved ("cardiac prosthetic devices" include, but are not limited to, pacemaker leads and devices, artificial hearts, heart valves, intra-aortic balloons and control systems, and ventricular bypass-assisted devices);
- c. use as a critical component in medical devices that support or sustain human life; or
- d. use specifically by pregnant women or in applications designed specifically to promote or interfere with human reproduction.

Braskem requests that customers considering use of Braskem products in medical applications notify Braskem so that appropriate assessments may be conducted. Braskem does not endorse or claim suitability of its products for specific medical applications. It is the responsibility of the medical device or pharmaceutical manufacturer to determine that the Braskem product is safe, lawful, and technically suitable for the intended use. BRASKEM MAKES NO WARRANTIES, EXPRESS OR IMPLIED, CONCERNING THE SUITABILITY OF ANY BRASKEM PRODUCT FOR USE IN MEDICAL APPLICATIONS.

Disclaimer:

NOTICE: No freedom from infringement of any patent owned by Braskem or others is to be inferred. Because use conditions and applicable laws may differ from one location to another and may change with time, the Customer is responsible for determining whether products and the information in this document are appropriate for the Customer's use and for ensuring that the Customer's workplace and disposal practices are in compliance with applicable laws and other governmental enactments. Braskem assumes no obligation or liability for the information in this
